

Right School. Wrong Major.

Negative ROI.

\$3.4M

lifetime earnings gap between
the highest- and lowest-paying
college majors (Georgetown
CEW)

Bar length uses a compressed scale so every value stays visible — exact dollar figures are labeled at right.

68%

of visual arts and music programs show negative ROI — the same pattern shows up above:
Harvard's and Penn's own lowest-ROI majors go negative too, despite the schools' names.
